RESOLUTIONS

The following resolutions were offered and placed in the Committee on Rules.

HOUSE RESOLUTION 103

Offered by Representative Turner:

WHEREAS, Many places in Illinois are significant sites of local, state, national, and world history; and

WHEREAS, Visitors to these sites learn about historic people, ideas, and developments; and
WHEREAS, Such visits deepen our interest in, and appreciation of, history; and
WHEREAS, History helps us understand our place in the world and how we might improve it; and
WHEREAS, Increasing visits to historical sites stimulates beautification, preservation, conservation, tourism, and business in Illinois communities and counties where they are located; and

WHEREAS, The Illinois State Historical Society, recognized by the Illinois General Assembly in 1903 as a major contributor to the awareness and appreciation of history in Illinois, has already placed its markers at more than four hundred historical sites around the State; and

WHEREAS, The Illinois General Assembly and The Illinois State Historical Society now seek to heighten historical awareness in Illinois residents and visitors by calling attention to these markers and historic sites throughout the State; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the week of February 28 through March 6 in 2005 shall be known as Illinois State Historical Society Markers Awareness Week with a special State ceremony in Springfield on March 3; and be it further

RESOLVED, That all Illinois residents and visitors are encouraged to celebrate this week by learning about historic sites in their locales, visiting them, reflecting on their importance in history, communicating with others about them, and attending ceremonies commemorating them; and be it further

RESOLVED, That Illinois State Representatives are encouraged to participate in the events of this week with their colleagues in the Capitol and their constituents in their home districts.

HOUSE RESOLUTION 105

Offered by Representative Acevedo:

WHEREAS, All Americans owe a debt of gratitude to the brave men and women who honorably serve in our nation's armed forces; and

WHEREAS, The trials faced by our servicemen and women in the field are shared by their families who endure for months or years at a stretch the uncertainty of not knowing when, or if, their loved ones will return; and

WHEREAS, The news to a family that their loved one has been killed in service is, sadly, just the first terrible blow to the survivors, for they often face long-term financial struggles resulting from the loss of a wage-earning spouse or family member; and

WHEREAS, Many surviving family members, veterans groups, and legislators have long believed that the death payment provided to service members' families, currently set at \$12,420, is woefully inadequate; and

WHEREAS, Properly taking care of service personnel and their families will, over the long term, undoubtedly raise the morale of our troops stationed all over the world by providing them with the comfort of knowing their families will be taken care of should they die while serving their country; and

WHEREAS, It is reported that President Bush will propose a sizeable increase, to \$100,000, of the death benefit payment as part of the 2006 budget submitted to Congress; as part of this proposal, the Pentagon would also increase life insurance benefits from the current \$250,000 of coverage to \$400,000 and troops in a combat zone would have the additional premiums paid for by the government; the proposal would be retroactive to October 7, 2001 and would apply to families of U.S. troops killed in war; and

WHEREAS, Even though no amount of money can replace a spouse or loved one, an increase in the death payment and life insurance benefits provided to the family members of those servicemen and women who die while on active duty would help alleviate the overwhelming impact their families face; and

WHEREAS, While the President's proposal is a much-needed measure, the benefits for surviving families should not be determined by mere geography of where death occurred, but rather, benefits should be extended to all servicemen and women who equally defend the freedom of this country in a profession fraught with danger no matter where they are stationed; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we hereby commend the President on his initiative to increase the death payment and the life insurance benefit package to assist families of those who have made the ultimate sacrifice; and be it further

RESOLVED, That we urge the President and the Congress to broaden the President's budget proposal to

provide the same financial increases to all military personnel who die in the line of duty while performing military service for our country, whether here or on foreign soil; and be it further

RESOLVED, That suitable copies of this resolution be delivered to President Bush and the Illinois Congressional Delegation as a sign of our commitment to this important issue.

HOUSE RESOLUTION 107

Offered by Representative Wait:

WHEREAS, Neglected maintenance leads to more than 2,600 deaths, nearly 100,000 disabling injuries, and more than \$2,000,000,000 in lost wages, medical expenses, and property damage in the United States every year; and

WHEREAS, Over 70% of the vehicles on the road today are in need of some type of preventive maintenance; and

WHEREAS, According to the U.S. Environmental Protection Agency, 30% of vehicles are responsible for the majority of pollution emanating from motor vehicles; and

WHEREAS, Through proper maintenance, a 10-year-old car can produce less emissions than a poorly maintained 5-year-old vehicle; and

WHEREAS, Disabled vehicles are a major cause of highway congestion, which is avoidable with proper maintenance of critical vehicle systems; and

WHEREAS, Proper maintenance of key safety systems, such as brakes, air bags, and lights, will help the State reduce accidents and the accompanying injuries and fatalities; and

WHEREAS, Proper maintenance will reduce fuel usage by cars, therefore saving car owners money and reducing the emission of greenhouse gases; and

WHEREAS, Proper maintenance of the State's vehicle fleet will reduce long term operating costs and the need to purchase new vehicles; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that April 2005 is officially designated as Car Care Month, and all motorists and State vehicle fleet administrators are urged to "Be Car Care Aware", to inspect their vehicles, and to perform, or have performed, all maintenance necessary to ensure their vehicle is operating in a safe, efficient, and clean manner; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Governor, the Secretary of State, the Secretary of Transportation, and the Director of the Illinois Environmental Protection Agency.

Section 5. Legislative finding. It has been established by scientific evidence that improper plumbing can result in the introduction of pathogenic organisms into the potable water supply, result in the escape of

(2) If individual portable units are used, separate toileting facilities are not required for males and females. Toileting facilities shall be provided based on the Occupational Safety and Health Administration construction sanitation standards, which are as follows:

(A) For 20 employees or less, one toilet facility shall be provided.

(B) For 20 employees or more, one toilet facility and one urinal per 40 workers shall be provided.

(105 ILCS 5/27-20.3) (from Ch. 122, par. 27-20.3)

Sec. 27-20.3. Holocaust and Genocide Study. Every public elementary school and high school shall include in its curriculum a unit of instruction studying the events of the Nazi atrocities of 1933 to 1945. This period in world history is known as the Holocaust, during which 6,000,000 Jews and millions of non-Jews were exterminated. One of the universal lessons of the Holocaust is that national, ethnic, racial, or religious hatred can overtake any nation or society, leading to calamitous consequences. To reinforce that lesson, such curriculum shall include an additional unit of instruction studying other acts of genocide across the globe. This unit shall include, but not be limited to, the Armenian Genocide, the Famine-Genocide in Ukraine, and more recent atrocities in Cambodia, Bosnia, Rwanda, and Sudan. The studying of this material is a reaffirmation of the commitment of free peoples from all nations to never again permit the occurrence of another Holocaust and a recognition that crimes of genocide continue to be perpetrated across the globe as they have been in the past and to deter indifference to crimes against humanity and human suffering wherever they may occur.

The State Superintendent of Education may prepare and make available to all school boards instructional materials which may be used as guidelines for development of a unit of instruction under this Section; provided, however, that each school board shall itself determine the minimum amount of instruction time which shall qualify as a unit of instruction satisfying the requirements of this Section.

 "Section 5. The Conservation District Act is amended by changing Sections 5, 13, and 15 as follows:

(70 ILCS 410/5) (from Ch. 96 1/2, par. 7105)

Sec. 5. Board of trustees.

(a) The affairs of a conservation district shall be managed by a board which shall consist of 5 trustees, except as otherwise provided in this Section. If the boundaries of the district are coextensive with the boundaries of one county, the trustees shall be residents of that county. If the district embraces 2 counties, 3 trustees shall be residents of the county with the larger population and 2 trustees shall be residents of the other county. If the district embraces 3 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 4 counties, 2 trustees shall be residents of the county with the largest population and each of the other counties shall have one resident trustee. If the district embraces 5 counties, each county shall have one resident trustee.

(b) A district that is entirely within a county of under 750,000 ~~300,000~~ inhabitants and contiguous to a county of more than 2,000,000 inhabitants and that is authorized by referendum as provided in subsection (d) of Section 15 to incur indebtedness over 0.575% but not to exceed 1.725% shall have a board consisting of 7 trustees, all of whom shall be residents of the county. The additional 2 trustees shall be appointed by the chairman of the county board, with the consent of the county board, and shall hold office for terms expiring on June 30 as follows: one trustee after 4 years and one trustee after 5 years from the date of the referendum. Successor trustees shall be appointed in the same manner no later than June 1 before the commencement of the term of the trustee.

(c) Trustees shall be qualified voters of such district who do not hold any other public office and are not officers of any political party. Trustees, if nominated by the county board chairman as hereinafter provided, shall be selected on the basis of their demonstrated interest in the purpose of conservation districts.

(d) The chairman of the county board for the county of which the trustee is a resident shall, with the consent of the county board of that county, appoint the first trustees who shall hold office for terms expiring on June 30 after one, 2, 3, 4, and 5 year periods respectively as determined and fixed by lot. Thereafter, successor trustees shall be appointed in the same manner no later than June 1 prior to the commencement of term of the trustee.

(e) Each successor trustee shall serve for a term of 5 years. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term by appointment of a trustee by the county board chairman of the county of which the trustee shall be a resident, with the approval of the county board of that county. A trustee who has served a full term of 5 years is ineligible to serve as a trustee for a period of one year following the expiration of his term. When any trustee during his term of office shall cease to be a bona fide resident of the district he is disqualified as a trustee and his office becomes vacant.

(f) Trustees shall serve without compensation, but may be paid their actual and necessary expenses incurred in the performance of their official duties.

(g) A trustee may be removed for cause by the county board chairman for the county of which the trustee is a resident, with the approval of the county board of that county, but every such removal shall be by a written order, which shall be filed with the county clerk.

(h) A conservation district with 5 trustees may determine by majority vote of the board to increase the size of the board to 7 trustees. With respect to a 7-member board, no more than 3 members may be residents of any township in a county under township organization or of any congressional township in a county not under township organization. In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smallest population and the largest county shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 5 counties, the 2 counties with the largest population shall each have 2 resident trustees and each of the other counties shall have one resident trustee. The pertinent appointing authorities shall appoint the additional 2 trustees to initial terms as equally staggered as possible from the terms of the trustees already appointed from that township or county so that 2 trustees representing the same area shall not be succeeded in the same year.

Except as otherwise provided in this Act, a district may annually levy taxes upon all the taxable property therein at the value thereof, as equalized or assessed by the Department of Revenue, to be extended at not more than the rates and for the purposes specified hereinafter:

(1) 0.025% for the general purposes of the district, including acquisition and development of real property which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.075% of the equalized assessed valuation of the district.

(2) 0.075% for acquisition of real property, which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.25% of the equalized assessed valuation of the district.

(3) 0.1%, in lieu of the two rates specified in (1) and (2) above, for the general purposes of the district, including the acquisition, development, operation and maintenance of real property which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.325% of the equalized assessed valuation of the district.

Except as provided in some other Act, a district may not levy annual taxes, for all its purposes in the aggregate, in excess of 0.1% of the value, as equalized or assessed by the Department of Revenue, of the taxable property therein.

Then, by an ordinance specifying in detail the purposes for which such appropriations have been made and the amounts appropriated for such purposes, the board shall levy not to exceed the total amount so ascertained upon all the property subject to taxation within the district as the same is assessed and equalized for state and county purposes for the current year. A certified copy of such ordinance shall be filed on or before the first Tuesday in October with the clerk of each county wherein the district or any part thereof is located.
